RECOVERY CAFÉ 2025 ANNUAL REPORT

To Our Neighbors, Allies, and Advocates,

2025 was a year of remarkable milestones for Recovery Café DC. We are proud of the strides we have made together — not just in numbers, but in lives transformed.

This year, we celebrated a truly special gathering at our Bridging the Gap event, which brought together our members, volunteers, staff, and community partners in a spirit of celebration and renewed purpose. Moments like these remind us why this work matters.

And as we look ahead, we are filled with excitement: our new permanent home is under construction and on track to open this year. This space will allow us to serve more neighbors in need, deepen our programs, and truly put down roots in the community that built us for years to come.

Thank you for believing in the dignity and potential of every person we serve. Because of you, recovery is possible.

With Gratitude,

Jacqueline Conerly
Founder and CEO

Theresa found Recovery Café DC through living at the Harriet Tubman Women's Shelter, she has been unhoused since 2022.

Her substance use led to instability and dissolved relationships, until she was able to make a change. She shared with us that she is most proud to have repaired her relationships with her children, and now she shares her story to inspire others.
